Learning Together for Life

21st September 2016

Dear Parents,

Tesco Bags of Help – Discover and Do Garden Project

We are delighted to inform you that we have been successful in applying for some grant funding from Tesco. A new initiative by Tesco, Bags of Help, offers community groups a share of revenue generated from the 5p charge levied on single-use carrier bags.

We have been informed that we are one of three community projects in our region to receive either £8000, £10000 or a £12000 award. We are asking everyone to vote for us in Tesco Market Rasen, Tesco Extra Lincoln and Tesco Superstore Lincoln between Monday 26 September and Monday 9 October. If we receive the most votes then we will be awarded £12000.

As part of our grant application we put together a plan to create a kitchen garden, sensory garden and outdoor learning area in Claudia's Garden. The project was named by a pupil and the aim is for pupils to grow their own vegetables and fruit and then have them cooked by Mrs Barnes in the school kitchen. The sensory and learning area of the garden will be a tranquil place for child to learn outdoors and spend time in a peaceful environment.

This is a really exciting project that needs all your support to enable us to receive the maximum funding. Please look out in Tesco from next week for the Discover and Do Garden Project. The Rasen Mail are coming into School this week to cover the project before and after the transformation.

Yours sincerely

Andrew Smith
Executive Head teacher
