Dear Parents/Carers

**Year 5/6 topic Term 3 – Moving People**

For our WOW Day to launch our new topic in our new term, we will be getting the children to imagine that are people who are moving away from the place where they live. We would like the children to have just five minutes to pack a small day bag with the things they would take.

Consider the important things that you will need carefully. Will you bring something for sleeping? Would you bring something to carry all of the things in? The things you will bring will need to be carried as you travel. There will be no need for electricals as they can't be charged; there is no need for money.

We would like to invite the children to get dressed up in a similar way: Imagining they have 5 minutes before moving away from where they live.

For your homework, we would like you to research a country that you would choose to be evacuated to at short notice, listing the reasons why. You can present your homework in your chosen format.

We'll look forward to launching the new topic with the children on Thursday 5<sup>th</sup> January.  
Many thanks for your continued support.

Yours sincerely

Michael Mullen
