**Learning Together for Life**

---

Wednesday 21st January 2015

Dear Parents / Carers,

Our school has recently invested in an exciting new homework tool for Numeracy, called Mathletics. Mathletics, when used regularly, is proven to increase attainment in Numeracy. Additionally, the program has been designed to be fun and interactive. It allows the children to independently learn through the use of a virtual teacher. Within school, the children who have tested the program have provided really positive comments about how fun and engaging it is. We hope that this enthusiasm catches on throughout the school.

Your child will have access to the Mathletics website if they have access to the internet at home through a unique username and password.

We recommend that you spend time looking at the program with your child to explore how Mathletics will benefit his or her learning. As a parent or guardian, you can sign up to the Mathletics Family Centre. This will give you access to the learning content your child is following, and information regarding his or her progress within Mathletics.

To register for this service, you will need your child's username and password:

- Visit [www.3plearning.com/parents](http://www.3plearning.com/parents)
- Complete the fields and click **Register**
- Record your new username and password

To access the Mathletics Family Centre:

- Visit [www.mathletics.com](http://www.mathletics.com)
- Sign in using your own username and password

Further information and guides on Mathletics can be found under **Help** in the Mathletics Family Centre.

Welcome to the Mathletics Community!

Yours sincerely

Sam Briston  
Numeracy Leader
