**Learning Together for Life**

---

26<sup>th</sup> March 2015

Dear Parents/Carers,

As you will be aware, our school is currently undergoing some exciting developments to its building. The construction of the new classroom is going well and this will allow smaller class sizes next year. The Robins' classroom is also due to undergo refurbishment in order to improve the learning environment. As well as this, plans are underway for an onsite kitchen providing hot meals.

In addition to this, we are very excited to announce that we are going to be developing our currently underused quad area into an outdoor classroom. We have been fortunate enough to successfully secure a £10 000 lottery grant to support this project. We know that there are many benefits of outdoor learning for children and plan to create a purpose built area for all classes to access. This will include installing a large, class sized shelter, improving the paving, ground and fencing and purchasing resources specifically for outdoor use.

Before this begins, the equipment there currently will need removing to provide space for this. This includes a large wooden climbing frame and slide and a wooden gazebo in very good condition. We would like to offer the equipment to anybody who would be able to put it to good use for a donation towards the project. Anybody interested in this would need to be able to dismantle the equipment themselves prior to taking it away.

Please get in touch if you would be interested in rehoming either of the above or have any enquiries.

Many Thanks

Miss Danielle Fox
