Dear Parents/Carers,

It has been brought to our attention by different sections of the community that parking around the school is becoming problematic and in some cases unsafe. Recently, there has been a rise in the number of parents parking directly outside school on the zig zag lines and using the library car park as a drop off area to bring children into school.

We would like to politely remind all parents that we have a designated 'Park and Stride' area at the car park near to the Co-Op. This is the safest option for parking near school.

The library has asked us to remind you that the car park there is for users of the library only and not a public car park. They tell us that when parents leave their cars in the car park, the staff are unable to park and many elderly and less mobile customers aren't able to use the library.

Please can you ensure that you park in the designated areas when you are picking children up or dropping them off at school. As ever, we appreciate your co-operation with this matter.

Please come and see myself or Mr Smith if you would like discuss this issue further.

Yours sincerely

Nichola Allerston
