Swallows

Summer 2025

Our Themes: Mini beasts, Growing, Animals around the world, The Seaside, Dinosaurs, under the sea and other interests.

Our Key Values:

Caring

Commitment to Achieve

Respect

Co-operation

Fairness

Honesty

Welcome back from our holiday. We hope you are ready for a busy and fun Summer Term! The children have made incredible progress since starting school in September and we will spend the Summer Term embedding the skills they have developed in preparation for moving on to Key Stage One. The children love learning in a range of different ways and we will endeavour to make all learning experiences exciting, stimulating and fun! Here we shall give you an overview of some of the topics we plan to cover this term, and as new ones arise this will be reflected in the weekly sheet in your child's homework book.

Personal Social and Emotional Development

As always, we will continue to instil the children's independence. We believe that for the children to take charge of their own learning and development they need to be independent and confident.

As the children reach the end of the Foundation Stage, we are going to be exploring how things in life can change and how we can deal with the emotions that come with change. The children will be acting as role models during visits from the pre-school children due to start with us in September. We will discuss how they felt when they began visiting school and what they can do to make the younger children feel happy and safe.

Our inclusive school community puts our Christian values at its core

We are preparing for a brighter tomorrow

Physical development

Our topic this term will be 'Athletics'. The children will learn fundamental athletic skills including sprinting, throwing and jumping skills as well as team events. Throughout the topic, we will be promoting good sportsmanship; we know that it is nice to win but it is the taking part that counts, and we should encourage and support all players.

We are preparing for a brighter tomorrow

Communication and Language

We are going to be focussing on following instructions with several ideas or actions this term. This will be through a range of adult led and play based experiences. We are also going to be using lots of 'how' and 'why' questions this term to allow the children to extend their ideas and use more complex vocabulary.

Our inclusive school community puts our Christian values at its core and endeavours to develop all members to be wise, happy and spiritually aware individuals who can achieve their dreams and goals.

We are preparing for a brighter tomorrow

Literacy

Throughout the term, we will plan opportunities to use reading and writing in a range of different ways, through both adult led and play opportunities linked to the changing topics each week.

We have spent lots of time learning different graphemes in phonics and modelling how to write. We will continue to give the children many more experiences of independent writing

to apply these skills during their Literacy lessons and their daily phonics lesson. We are expecting children to begin structuring sentences and captions and they will be at different stages of using finger spaces, capital letters and full stops. We will explore many different types of writing, e.g. letters, lists, captions and non-fiction.

We will continue having our daily twenty-minute phonics lessons. The children will also learn new graphemes for reading and will apply these with their blending skills to read new words.

We shall continue with our reading practice sessions, which the children are really enjoying. We shall be developing the children's comprehension skills by referring back to parts in the text and answering questions about characters feelings and actions throughout. The children will also be fully immersed in the wonderful vocabulary.

The children have also really loved continuing to add words to our vocabulary wall in our classroom using words heard and spoken about during our daily Newsround sessions. The children have really taken ownership of this and look forward to hearing a new word which we can discuss and add!

Our inclusive school community puts our Christian values at its core and endeavours to develop all members to be wise, happy and spiritually aware individuals who can achieve their dreams and goals.

We are preparing for a brighter tomorrow

Mathematics

In Maths, we will be continuing to develop the children's calculation skills for addition and subtraction. We will become more confident at doing this using a number line to jump back or forth. We will be working with numbers up to 20 and for those children already confident with this, we will work with higher numbers.

We shall also be ensuring that the other areas of Mathematics remain fresh in the children's minds for example, sharing, measuring, pattern, shape, time.

Children will be encouraged to apply their mathematical skills in a range of cross curricular ways. We shall be providing children with challenges and problems to solve where they will need to think of their own strategy to solve it and select any resources they may need to help them.

Our inclusive school community puts our Christian values at its core and endeavours to develop all members to be wise, happy and spiritually aware individuals who can achieve their dreams and goals.

We are preparing for a brighter tomorrow

Understanding of the world

We are looking forward to taking lots of our learning outside to investigate the variation of mini beasts which we have in our gardens at school and at home. We will pay particular attention to similarities and differences between them including the amount of legs they have, colours and whether they can fly or not. We will use videos, the internet and books to research and then show our understanding in a range of ways e.g. creating information posters, booklets, models etc.

We will learn all about different life cycles and then be able to communicate this to others. We will teach the children what animals and creatures need to grow and what we can do to help wild animals.

Our inclusive school community puts our Christian values at its core and endeavours to develop all members to be wise, happy and spiritually aware individuals who can achieve their dreams and goals.

Working with our local community, we care for and educate each person, respecting individual differences.

As Jesus welcomed all, so we welcome everyone into our school and strive to send them out prepared to be good citizens in today's diverse society.

We are preparing for a brighter tomorrow

Expressive arts and design.

As always, we incorporate art and design into all our topics.

We continuously have materials and tools available to the children for them to make and create their own ideas. We encourage the children to use their imagination wherever possible as this brings learning to life.

We will continue to change our role play area on a regular basis and create places where children can use their imagination and act out their own ideas. We will begin with a School classroom role play area as this is something which many children have expressed an interest in lately. With many of the children becoming "mini teachers" within their play.

Our inclusive school community puts our Christian values at its core and endeavours to develop all members to be wise, happy and spiritually aware individuals who can achieve their dreams and goals.

We are preparing for a brighter tomorrow

Important Information

As per the school homework policy which is available at www.marketrasen.lincs.sch.uk homework will be set on Friday and returned on Thursday. The homework we set will be fun and creative for you to enjoy with your child at home. Please add a comment in your child's homework book to let me know how they got on with it. If there are any issues with the homework, please do not hesitate to come and see me.

Your regular PE day is on a Wednesday with Mr Toothill, this will now be swimming on this day for this term.

Your PE day will be on a Friday with Miss Marshall.

We would really appreciate contributions from home for your child's learning journey book. We often use comments you have added in their homework book to add to this but please feel free to write things which aren't relevant to the homework e.g. if you have noticed them do or say something for the first time or reach a particular milestone. Anything which has made you think 'wow!'

We are looking forward to a great summer term.

Please feel free to come and see us with any concerns or issues at all.

Miss Marshall
