Dear Parents/Carers

Mathletics

A few years ago our Federation invested in a new homework tool for Mathematics, called Mathletics. Mathletics, when used regularly, is proven to increase attainment in Mathematics. Additionally, the program has been designed to be fun and interactive. It allows the children to independently learn through the use of a virtual teacher.

During half-term we would like to set the KS2 children the challenge of spending the equivalent of 30 minutes a day (4.5 hours in total over the half term holiday) on Mathletics. Any child that achieves this will receive a special prize.

We would like the children to work curriculum areas rather than the Play Live section as this will help more.

Please encourage your child to take part in this holiday challenge.

Yours sincerely

Mr Briston

Mathematics Leader
