

*Key Stage One October Half Term
Holiday Homework*

We continue with our Wonderful Weather topic next term.

Over the holidays, you could do any of the following things in continuation of our exciting topic.

- Choose your favourite weather and design an outfit to wear – what materials would you use?*
- Create a poster about a kind of weather that fascinates you e.g hurricanes or tornados – write some interesting facts you have found out.*
- Watch the weather forecast and create your own forecast – what would you want the weather to be like?*
- Create a seasons poster – can you remember what they are and what is your favourite – use lots of adjectives to describe the weather we might get in those seasons.*

*Please send any completed homework pieces into school when we return on Monday 2nd
November -*

we can't wait to share them to generate some brilliant discussions in class!
